

NCAR Air Quality Open House

In celebration of Air Quality Awareness week, NCAR is hosting an open house featuring information and family friendly activities about air quality. Please join us to learn from experts about air quality, how we measure and research it, and how it impacts humans, plants, and animals. NCAR's new air quality exhibit will also be featured. Bring questions and mingle with scientists and experts from NCAR, NASA, the National Park Service, the Regional Air Quality Council, the University of Colorado, Boulder County Public Health, Colorado Department of Health and Environment, AQTreks, and Ball Aerospace. Local organizations will showcase activities and resources.

This FREE event is open to the public and all ages are welcome.

WEDNESDAY

MAY 3, 2017

5 - 8 PM

1850 Table Mesa Dr., Boulder, CO 80305
