What's the name of a thunderstorm cloud?

Name the mid-level clouds that look like a uniform gray blanket across the entire sky.

Which type of cloud can grow into a thunderstorm?

Name the mid-level clouds that look like tiny puffs or ripples very high in the sky.

Which mid-level clouds sometimes look like flocks of puffy sheep?

How to fold your Cloud Trivia Game

After detaching along the perforation, fold the square in half... and then in half again.

Unfold the paper and flip it over so the clouds are facing away from you. Next, fold all four corners in to the center point.

Flip the paper over so that the edges are face down and fold all four corners in to the center point.

1. Fold the square in half. Place the thumbs and index fingers under the cloud name flaps so that the questions are hidden.
2. Spell a cloud type while moving the flaps up and out and side to side with each letter.
3. When spelling is complete, pick one of the four questions shown on the inside flaps.
4. Answer it, then lift the flap to see if you are correct.
